Volume 3, Issue 7

Walton County Genealogy Society

May 2012

## Internet at the Museum

Internet service was installed at the Walton County Heritage Museum in April, bringing the Heritage Association, the Museum, and the Genealogy Society into the 21<sup>st</sup> century. The service will be paid for with donations received.

The genealogy computer in the east room (the “meeting room”) is available for use by members of the Walton County Heritage Association and guests who are pursuing genealogy research. That computer is available during our normal open hours and is equipped with a printer/scanner. If you make more than ten copies while using the printer, we ask that you “Feed the Pig” by dropping a donation into the piggy bank next to the printer. Otherwise, there is no charge for using the equipment.

**Wayne Sconiers** has generously given us access to Ancestry.com on that computer as well as Family Tree Maker software, and he will be offering classes on the use of those and other programs at future Genealogy Society meetings.

## WCGS Meeting

The Walton County Genealogy Society will meet Saturday, May 12, at 10:00 AM at the Walton County Heritage Museum. We will be planning a schedule of programs to train genealogists on the use of Family Tree Maker, Ancestry.com, and other genealogy tools.

## Ask a Granny

The first session of our “Ask a Granny” project (see the April newsletter) went well, and we will be scheduling future visits to senior centers. If you would like to assist with this project, please contact **Wayne Sconiers** at [waynesconiers@embarqmail.com](mailto:waynesconiers@embarqmail.com).

# Walton County Newspaper Archives

In April, we were pleased to welcome our newest volunteer intern, **Sarah Capps** of Panama City. Sarah is a history major graduate of Florida State University, and she has been updating our Newspaper Archives database. As of this writing, the database includes items from *The Breeze* newspaper from April 1910 through March 1912. The extracts from those newspapers were compiled by **Michael Strickland** and **Mary Ellen Wexler**, and we thank them for their work. To search the database, go to [waltoncountyheritage.org/wp](http://waltoncountyheritage.org/wp), which will take you to the “Welcome” page. In the top white box, enter a search term, such as a surname or a location, and hit the “Search” button. A list of everything we currently have online for the search term will then be listed. To read more about an item, click the title of the item, such as “The Breeze – May 2, 1912 – General News,” and you will be taken to the complete entry.
